30 Years Strong

Normandy - Quality leisure homes, made with pride

Over 30 years have passed since the first Normandy leisure home was built in East Yorkshire. After developing a strong reputation as a leading export manufacturer, we created our first leisure home for the UK market in 2003, and have never looked back.

Today, we offer a full range of quality leisure homes for the UK and export markets. Models are available to fit every requirement and budget, from single unit starter caravans, right up to the last word in bespoke, luxury twin-unit lodges (see separate brochure).

Hand-crafted and made with pride by experienced teams at our advanced 40,000 sq ft facility in Hull, our Leisure Homes and Park Homes all offer quality, durability and value for money.

Whether you are new to the world of Holiday and Park Homes, or a park owner looking to create a distinctive look and feel for your next development, we have a Leisure or Park Home for both home and abroad to suit. And whichever model you choose, you will be sure to benefit from double glazing as standard, contemporary, stylish design and generously equipped interiors.

We simply wouldn't have it any other way.

Cottingham Golf Club Show

We will be displaying nine product ranges at this year's show, five of which are completely new ranges and will be launched exclusively at this show.

Three completely new specification and price levels have been introduced to our Holiday Home range giving even greater scope and choice, these will include the new 'Conqueror' 40x16 and 42x13 models along with the all new 'Rouen' and 'Trouville' holiday home models.

For the very first time this year we shall also be showing a dedicated export holiday home range, consisting of three ranges designed specifically for our export clients, these are additional too our UK model range which continue to be available for export.

All new versions of our successful 'Thornham' and 'Bayeux' holiday homes will complete our holiday line up for this year's show.

Along with the 'Conqueror' 40x16 twin unit home there will also be the all new 'Helme' 40x20 and 'Bayeux' 40x20 Lodges all of which offer the ultimate in luxury, design and flare.

Don't take our word for it, please come along and view our 2012 homes for yourself first hand and why not join us and celebrate our 30th Birthday at the same time, when on Wednesday 7th September, from 12 noon we shall be holding a hog roast on our stand, we, if not the hog, would be more than pleased to see you there.
